

Workforce Development Workshop for Small Water Systems

Greenfield, IN

August 10, 2016 | 9:00AM—4:30PM

Riley Park Shelter House, Apple Street & Main Street (US 40), Greenfield, IN 46140

Registration is required. Register online at efcnetwork.org/upcoming, or mail in the form below.

Cost: FREE | **CEUs:** This workshop has been submitted to the state for CEUs.

All water utilities, especially small systems, are struggling to recruit and retain experienced staff, in particular when a long-term operator or manager retires. This workshop will focus on succession planning and operator recruitment and retention strategies. We will discuss the links between workforce development, long-term system sustainability, and long-term planning that also includes communicating with decision-makers.

Trainers: Tonya Bronleewe, Program Manager, Wichita State University Environmental Finance Center
Paula Downs, Professional Development Manager, Wichita State University Environmental Finance Center

Contact: Leslie Garren, leslie.garren@wichita.edu

The Smart Management for Small Water Systems program is administered by the Environmental Finance Center Network (EFCN), a university-based organization creating innovative solutions to the difficult how-to-pay issues of environmental protection and improvement. The program is brought to you in collaboration with the American Water Works Association (AWWA) and affiliated sections.
