We are very excited to host a Workshop on Wednesday, June 22nd at the US Agg Quarry in Columbus. The quarry originated in 1937 and still is using some of the original equipment!

Participants will learn about water quality issues that are imposed on some of our local quarry's and will get a tour of the facility.

Other Topics Discussed:

Utilization of City of Columbus Water on large industrial scale

Water Reclamation Processes

NPDES Permitting and Special Conditions

Cross Connection

Safety Programming

NOTE: Closed Shoes are REQUIRED; Please bring your own safety vest if you have one
