

2015 CALL FOR ABSTRACTS

Indiana Section American Water Works Association

107th Indiana Section AWWA Annual Conference will be held February 17-19, 2015 at the Marriott-Downtown in Indianapolis. The theme for the conference will be **"Pure Tap—Sustaining Life, Encouraging Growth"**.

The Program Committee is now accepting abstracts for presentations. Following the theme, presenters are encouraged to build presentations promoting the benefits to public health and economic development provided through experienced water treatment, distribution and collection utilities across the US and around the globe.

Note: This year we are looking to involve operators in many of the presentations. Case studies, panel discussions and presentations from (or with) operators and superintendents are encouraged. The goal is to keep attendees engaged in the presentation, whatever it is. So if any field personnel or operators are willing to accept the challenge to present or co-present (keeping it generic), please get involved. Presentations should be 30 to 60 minutes in length and include time for questions and discussion.

2015 topics for the conference sessions include:

- Source Water Protection
- Water Treatment
- Laboratory
- Disinfection
- Safety
- Distribution Systems
- Collection Systems
- Wastewater Treatment
- Sustainable Solutions
- Customer Service
- Public Communication & Outreach
- Government Affairs
- Research & Development
- Utility Management

Abstracts should be between 100-200 words summarizing your presentation. The Abstract Submittal Form and instructions are available on www.inawwa.org. By **June 15, 2014**: Please forward your completed abstract submittal form and speaker bio(s)—separately in PDF or MS Word—for consideration and review by the Program Committee, to tnelson@midwesterneng.com

Hardcopy submittals can be mailed to:

Tim Nelson
Environmental & Safety Administrator
Midwestern Engineers, Inc.
P.O. Box 295
Loogootee, IN 47553

The Program Committee will review each abstract for quality, technical content and **relativity to our membership**. If you have any questions or concerns, please contact me at (812) 295-2800. Thank you! -Tim Nelson, INAWWA Program Chair

Get involved. Encourage Growth. Share Your Experience!
