EXAM CRAM 1, 2 & 3 for WATER TREATMENT and DISTRIBUTION

Indiana Section AWWA
and
Indiana Rural Water
Association

Two strong
organizations have
joined forces. We will
continue to build on our
strengths, allowing us to
provide systems of all
sizes with increased
programming, training,
& technical assistance.

Together we are

The Voice for
Indiana Water™

Two (2) Continuing Education Hours per Exam Cram workshop
Maximum available hours for the three part Series is six technical water hours
(IDEM Approved)

- ⇒ **Exam Cram 1**, water operators will study subjects regarding basic water treatment and distribution to further their knowledge in preparation for taking the certification exam.
- ⇒ **Exam Cram 2**, for water operators, will study subjects regarding water treatment and distribution to further build upon their knowledge and training from Exam Cram 1, in preparation for taking the certification exam. There will be more math formulas and specific discussion for larger systems and WT3, WT4 and WT5.
- ⇒ **Exam Cram 3**, for water operators, will study more advanced subjects regarding water treatment and large distribution systems. This is to further build upon their knowledge and training from Exam Cram 1 and 2, in preparation for taking the certification exam. There will be advanced math formulas and specific discussion for larger systems and advanced treatment processes for surface and groundwater including source water protection, WT3, WT4 and WT5.

All sessions will include interactive and high energy examples, flip charts and slides of useful information, that will cover both general and technical categories that follow IDEM's guidance on proper practices.
