

Our Water Production Department is seeking qualified applicants for the following vacancy:

Apprentice, Maintenance Relief Operator

We have multiple opportunities for candidates to start as a Maintenance Relief Operator Apprentice and grow into the Maintenance Relief Operator role! The successful candidate will perform a variety of operations and maintenance functions at the water production and related facilities. This is a skilled maintenance position that also performs operational duties under the direction of a certified operator while gaining experience required to obtain an operating license.

This is a serious trade with strong demands that are minimally affected by the ups and downs of the economy.

Key Responsibilities & Expectations:

- May perform maintenance and operations, as well as all auxiliary functions related to the before mentioned, in a productive, safe, and efficient manner.
- Performs other duties and/or activities as assigned.

Qualifications & Requirements:

- High school diploma or GED
- Must have a minimum of (24) semester credit hours or equivalent post high school education from an accredited formal technical program related to work in the production area (i.e. electronics, electrical or mechanical maintenance, instrumentation and controls, chemistry or another technical field).
- Ability to obtain a WT5-OIT license within 18 months of starting the program.
- Must maintain a valid Indiana Driver's License with a safe driving record.
- Must meet minimum safety requirements such as respirator certification, ability to work in confined spaces or elevated work areas, etc.

Preferred Skills/Qualifications:

- Associates degree in industrial maintenance technology from an accredited college or technical school.
- A general knowledge of the methods, techniques, and principles associated with the operations, maintenance, and installation, construction, investigation, testing and repairs of equipment, for above and below ground assets.

Qualified Applicants should log in to www.citizensenergygroup.com select "Our Company" then "Careers", create an account and upload their resume and a copy of their school transcript(s) by the deadline.

This is a bargaining union position and a member of the Local #1400 IBEW. Hourly rate is \$26.64 per hour.

Work Schedule is shift work (24/7) – Rotating shifts as needed.

Upon receiving the WT5-OIT license, employees are placed in the Maintenance Relief Operator position and the hourly wage will increase to \$29.77.

Citizens Energy Group offers competitive salary and benefits including:

- Health, Dental & Vision
- Defined Benefit Pension Plan
- 401(k) Retirement Plan with company match
- Short-term Incentive Plan (STIP)
- Health Savings Account (HSA) with company contribution
- Wellness Program
- Adoption and tuition assistance
- Employee Credit Union
- PTO and Paid Holidays

If you are looking for a new opportunity, we invite you to apply and talk about the possibilities of starting a rewarding new chapter of your career.

Deadline Date: Open-ended

Citizens is a drug-free, Equal Opportunity employer. All qualified applicants will receive consideration for employment without regard to race, age, color, religion, creed sex, sexual orientation, gender identity, national origin, disability, or protected Veteran status.
