Subject: **Water Treatment and Distribution Course** Begins in August for Persons Preparing for Indiana's Water Works Operator Certification Exams.

The Indiana Section of the American Water Works Association, in cooperation with the Drinking Water Branch of the Indiana Department of Environmental Management, is offering a water treatment and distribution operator training course this fall. The 12-week Operator School is an excellent way for water professionals to expand their water distribution and water treatment knowledge, and for operators to prepare for IDEM's water works operator certification exams. Operator School participants are eligible to receive up to 72 continuing education credits in the State of Indiana.

This year, Operator School classes start approximately three (3) months prior to IDEM's Fall Written Exam date of November 3, 2022. Attendees can apply to take their exams through IVY Tech, as well.

NOTE: The required study materials for the Operator School consist of the following four book resources:

- Water Treatment Plant Operation, Volume 1, 7th Ed. -- AWWA Catalog No. 20685-7E, or available for purchase from CSUS, <https://www.owp.csus.edu/courses/drinking-water.php>
- Water Treatment Plant Operation: A Field Study Training Program, Volume 2, 7th Ed. -- AWWA Catalog No. 20686-7E, or available for purchase from CSUS, <https://www.owp.csus.edu/courses/drinking-water.php>
- Water Distribution System Operation and Maintenance, 7th Ed. -- AWWA Catalog No. 20684-7E, or available for purchase from CSUS, <https://www.owp.csus.edu/courses/drinking-water.php>
- Water Operator Certification Exam Prep, (AWWA Catalog No. 20517-7E)
