*American Water Works Association,  
Indiana Section*

*in conjunction with*

*Indiana Rural Water Association*

*presents*

**WATER OPERATOR MATH REFRESHER  
WORKSHOP**

*Contact Hours Available*  
**IDEM Approval Pending for  
4 Technical Water Hours**

*This workshop will provide training and practice on water math problems that have been gathered from various sources, including past water certification tests. There will be information on calculating chlorine residuals, flow, backwash rates, volume, lime application, velocity, chemical formulas, voltage, and many other questions that are common to the water certification tests.*

*There will be handouts to help organize formulas and ways to approach problems.*

*A pre-test and post-test will also be given to gauge one's understanding during the program.*
